International Golf for Youth
Event Directors and Sponsors

13th August 2020

Dear Supporters

In early April, at the start of the Covid-19 Pandemic in the United Kingdom, I wrote to provide some guidance and support regarding International Golf for Youth events. The charity exists to provide a vehicle for fundraising to support young people, and this is where our focus has remained as the pandemic has disrupted lives around the world.

Regretfully, although one of two events have taken place this year and an event in Scotland is planned in September, it is apparent that it will not be possible to hold a World Final in 2020. At a recent trustees meeting it was agreed that, with continuing restrictions at Windsor Castle, Wentworth and other golf clubs, the World Finals 2020 should be cancelled. All qualifiers from 2020 will be able to attend the World Finals in 2021 which will be in late September or early October 2021.

The unique prize we offer, for qualifiers to attend the World Finals with a Welcome Dinner at Wentworth, three days of golf at some of the most prestigious courses in England, including a round at the Royal Household Golf Club and a Gala Prizegiving Dinner attended by a Member of the Royal Family at Windsor Castle, gives you a fantastic opportunity to sponsor events and help young people around the world. The attraction and the opportunity to offer sponsorship is undiminished, and I would ask you to continue your support to the charity despite the difficulties this year

On behalf of the trustees, I send you all my best wishes,

Yours sincerely
John Smedley
